## Summary

Motivated AI & Machine Learning student with a strong focus on problem-solving and a deep interest in exploring emerging technologies. Skilled in building logical solutions and continuously improving programming and analytical abilities. Enthusiastic about working with AI tools and modern technologies, with a commitment to continuous learning and adapting to new advancements.

## Education

**CGPA: 8.6**, BE - Artificial Intelligence and Machine Learning, Rathinam Technical Campus

**Percentage: 86.7**, Our Lady of Health Higher Secondary School, Velankanni

## Technical Skills

### Programming

Java, Python

### Data Base

MySQL, PostgreSQL

### Front End

HTML, CSS

## Tools

- Excel
- PowerBI
- Github

## Internship

**AI & ML Internship**, Codebind Technologies07/2024

- Gained hands-on exposure to basic AI&ML concepts, Python, and simple model development
- Understanding how AI solutions are performed in industry

## Projects

### Excel Project, Superstore Sales Analysis

- Analyzed sales data using pivot tables and charts, created a dashboard.
- What-If Analysis with a simple macro automation.

### Power BI Project, Amazon Prime Titles Dashboard:

- Built an interactive dashboard analyzing Amazon Prime titles, including KPIs, genre trends , country distribution, release year patterns, and content type insights.
- Used DAX, slicers and visualization techniques to present meaningful data insights.

### Personalized News Feed with AI Assistant

Developed a full-stack web application that delivers real-time, personalized news based on user-selected topics, featuring dynamic topic management and AI-powered explanations for enhanced user understanding.

## Hackathon

Participated in a 24-hour Gen-Z Hackathon at my college.10/2025

- Explored new problem statements.
- Enhanced teamwork and problem-solving skills.

## Certifications

- Coursera Excel project Network
  - Al Foundations - Oracle
- MongoDB Basics for Students-MongoDB
  - Logic Building for Beginners-Scaler
- Intermediate to SQL - Data Camp
  - Fundamental AI Concepts - Microsoft

## Strengths

- Adaptability
  - Attention to detail
- Problem - Solving
  - Collaboration & Communication
